1-Two requirements must be met to receive the One-Bureau Credit Monitoring feature: (i) your identity must be successfully verified with Equifax; and (ii) Equifax must be able to locate your credit file that contains sufficient credit history information. If these requirements are not met you will not receive credit features from Equifax. You will receive Credit Features once the verification process is successfully completed. Any credit monitoring from Equifax will take several days to begin after your successful plan enrollment.
