Young Saver Wins a Samsung Tablet

CLINTON TOWNSHIP, Mich. – FreeStar Financial Credit Union awarded a Samsung tablet to Katelyn Badour, age 10, in a random drawing from 4,300 entries of those who contributed to an iSave CD in 2016.

The iSave CD program encourages youth up to 17 years of age to save regularly. With just \$25 to start the CD, every time a member deposits \$10 or more, he/she receives an entry into the drawing.

“The iSave CD is an excellent product that encourages and rewards our youth to save,” said Drema Isaac, President/CEO. “Building a good saving habit will benefit our youth immensely as they become young adults. This product is utilized by many grandparents and parents who start CD’s for their family members allowing the youth to watch their money grow over time.”

FreeStar Financial Credit Union is a full-service financial institution serving military members throughout the state and community members in 10 counties in Southeast Michigan. For more information, contact Paula Rose, vice president of marketing, at prose@freestarfinancial.com or at 586-466-7806.
